

Electronic Filing System (EFS) Data
Electronic Patent Application Submission
USPTO Use Only

EFS ID: 15485
Application ID: 10063966
Title of Invention: GENERATOR HAVING FLANGE
BAFFLE AND METHOD FOR
CONTROLLING VENTILATION
FLOW
First Named Inventor: Wei-Min REN
Domestic/Foreign Application: Domestic Application
Filing Date: null
Effective Receipt Date: 2002-05-30
Submission Type: Utility Patent Filing
Filing Type: new-utility
Confirmation Number: 0
Attorney Docket Number: 839-1194
Digital Certificate Holder: cn=Michelle N. Lester, ou=Registered Attorneys, ou=Patent and
Trademark Office, ou=Department of Commerce, o=U.S.
Government, c=US
Certificate Message Digest: t3hVijwGY6iAwUYQVv01Hw==
Total Fees Authorized: \$780.0
Payment Category: DA - Deposit Account
Deposit Account Number: 141140
Deposit Account Name: Michelle N. Lester

I certify that the use of this system is for OFFICIAL correspondence between patent applicants or their representatives and the USPTO. Fraudulent or other use besides the filing of official correspondence by authorized parties is strictly prohibited, and subject to a fine and/or imprisonment under applicable law.

I, the undersigned, certify that I have viewed a display of document(s) being electronically submitted to the United States Patent and Trademark Office, using either the USPTO provided style sheet or software, and that this is the document(s) I intend for initiation or further prosecution of a patent application noted in the submission. This document(s) will become part of the official electronic record at the USPTO.

Comments:

1. The first comment is about the lack of information regarding the project's progress. The second comment is about the need for more frequent communication. The third comment is about the importance of having a clear timeline. The fourth comment is about the need for more resources. The fifth comment is about the importance of having a clear budget. The sixth comment is about the need for more transparency. The seventh comment is about the importance of having a clear scope. The eighth comment is about the need for more flexibility. The ninth comment is about the importance of having a clear risk management plan. The tenth comment is about the need for more accountability. The eleventh comment is about the importance of having a clear communication plan. The twelfth comment is about the need for more collaboration. The thirteenth comment is about the importance of having a clear decision-making process. The fourteenth comment is about the need for more innovation. The fifteenth comment is about the importance of having a clear evaluation process. The sixteenth comment is about the need for more feedback. The seventeenth comment is about the importance of having a clear exit strategy. The eighteenth comment is about the need for more documentation. The nineteenth comment is about the importance of having a clear governance structure. The twentieth comment is about the need for more training. The twenty-first comment is about the importance of having a clear security plan. The twenty-second comment is about the need for more testing. The twenty-third comment is about the importance of having a clear backup plan. The twenty-fourth comment is about the need for more monitoring. The twenty-fifth comment is about the importance of having a clear incident response plan. The twenty-sixth comment is about the need for more reporting. The twenty-seventh comment is about the importance of having a clear audit trail. The twenty-eighth comment is about the need for more compliance. The twenty-ninth comment is about the importance of having a clear data retention policy. The thirtieth comment is about the need for more privacy. The thirty-first comment is about the importance of having a clear access control policy. The thirty-second comment is about the need for more security. The thirty-third comment is about the importance of having a clear disaster recovery plan. The thirty-fourth comment is about the need for more resilience. The thirty-fifth comment is about the importance of having a clear business continuity plan. The thirty-sixth comment is about the need for more agility. The thirty-seventh comment is about the importance of having a clear change management process. The thirty-eighth comment is about the need for more scalability. The thirty-ninth comment is about the importance of having a clear performance management system. The fortieth comment is about the need for more innovation. The forty-first comment is about the importance of having a clear research and development process. The forty-second comment is about the need for more collaboration. The forty-third comment is about the importance of having a clear intellectual property management plan. The forty-fourth comment is about the need for more transparency. The forty-fifth comment is about the importance of having a clear financial reporting system. The forty-sixth comment is about the need for more accountability. The forty-seventh comment is about the importance of having a clear risk management plan. The forty-eighth comment is about the need for more flexibility. The forty-ninth comment is about the importance of having a clear scope. The fiftieth comment is about the need for more resources. The fifty-first comment is about the importance of having a clear budget. The fifty-second comment is about the need for more communication. The fifty-third comment is about the importance of having a clear timeline. The fifty-fourth comment is about the need for more information. The fifty-fifth comment is about the importance of having a clear project progress report.

RULE 63 (37 C.F.R. 1.63)
INVENTORS DECLARATION FOR PATENT APPLICATION
IN THE UNITED STATES PATENT AND TRADEMARK OFFICE

As a below named inventor, I hereby declare that my residence, mailing address and citizenship are as stated below next to my name, and I be the original, first and sole inventor (if only one name is listed below) or an original, first and joint inventor (if plural names are listed below) of the matter which is claimed and for which a patent is sought on the invention entitled:

GENERATOR HAVING FLANGE BAFFLE AND METHOD FOR CONTROLLING VENTILATION FLOW

the specification of which (check applicable box(es)):

☒ is attached hereto

☐ was filed on

as U.S. Application Serial No.

(Atty. Dkt. No. 839-1

☐ was filed as PCT International application No.

on

and (if applicable to U.S. or PCT application) was amended on

I hereby state that I have reviewed and understand the contents of the above identified specification, including the claims, as amended by any amendment referred to above. I acknowledge the duty to disclose to the Patent Office all information known to me to be material to patentability defined in 37 C.F.R. 1.56. I hereby claim foreign priority benefits under 35 U.S.C. 119/365 of any foreign application(s) for patent or inventor's certificate listed below and have also identified below any foreign application for patent or inventor's certificate having a filing date before that of the application which priority is claimed or, if no priority is claimed, before the filing date of this application:

Priority Foreign Application(s):

Application Number

Country

Day/Month/Year Filed

I hereby claim the benefit under 35 U.S.C. §119(e) of any United States provisional application(s) listed below.

Application Number

Date/Month/Year Filed

I hereby claim the benefit under 35 U.S.C. 120/365 of all prior United States and PCT international applications listed above or below.

Prior U.S./PCT Application(s):

Application Serial No.

Date/Month/Year Filed

Status:
 pending, abandoned

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of any patent issued thereon. And on behalf of the owner(s) hereof, I hereby ask that all communications in this matter be directed to NIXON & VANDERHYE P.C., 1100 North Glebe Rd., 8th Floor, Arlington, VA 22201-4714, telephone number (703) 816-4000.
